To create a hunger-free community where everyone has access to sufficient, safe, and nutritious food, empowering individuals and families to thrive and lead healthy lives.

## MISSION

To alleviate hunger in our community by providing nutritious food and resources to vulnerable individuals and displaced kids, fostering self-sufficiency, and promoting food security.

# KEY ACHIEVEMENTS

In 2024, NHFB successfully diverted over 1,500 kg of surplus produce from waste. This represents a 20% increase compared to the previous year, Thanks to our partnerships with The Global FoodBanking Network, farms and food suppliers.

Directly benefited approximately over 300 families, monthly providing them with food boxes and reducing food insecurity in the community

We continued several initiatives in 2024, including:

The Empowering Communities Initiative, focusing on vertical backyard farming, has continued to thrive thanks to the Australian High Commission, Nigeria. This initiative supports displaced female-headed women aiming to provide sustainable food sources, enhance economic independence, and promote self-sufficiency among vulnerable populations.

Nutrition Education Workshops: Providing families with skills and knowledge to prepare healthy meals on a budget.

## Volunteer Engagement

Over 500 volunteers contributed their time to NHFB in 2024, logging more than 10,000 hours of service. Their dedication has been vital in sorting, packing, and distributing food.

## Community Partnerships

In 2024, we formed new partnerships with schools, healthcare providers, and local businesses, enhancing our ability to address food insecurity through collaborative efforts. Together, we created a network of support that extends beyond food distribution.

## Advocacy

NHFB HAS TAKEN AN ACTIVE ROLE IN ADVOCATING FOR POLICY CHANGES TO IMPROVE FOOD ACCESS IN OUR COMMUNITY. WE PARTICIPATED IN LOCAL FORUMS AND WORKSHOPS TO RAISE AWARENESS ABOUT HUNGER ISSUES AND PROMOTE SUSTAINABLE SOLUTIONS.

# DONORS SPOTLIGHT

We are excited to feature the Global FoodBanking Network (GFN) as a key supporter. Through their generous support via the EquipGrant, GFN's funding has made significant improvements to our critical infrastructure. This funding has enhanced our accessibility, allowing us to reach more individuals and families in need. Our food recovery efforts have expanded to serve various communities, including vulnerable populations such as displaced families and female-headed households in northern Nigeria. This outreach has been instrumental in addressing food insecurity in these areas. With GFN's partnership, we are better equipped to combat hunger and serve our community effectively.

**Australian High Commission**

---

**Nigeria**

We also want to highlight the ongoing support from the Australian High Commission in Nigeria. Their contributions have been pivotal in advancing our Vertical Backyard Farming initiative, which is currently empowering our beneficiaries to achieve self-sufficiency. This program enables female-headed households to grow their own food, fostering independence and resilience within the community. We are immensely grateful for their commitment to enhancing food security and improving livelihoods.
